

Puchheim, den 01.03.2021

REACH Declaration of Conformity

AMI Elektronik GmbH & Co. Produktions KG hereby confirms that no substances of very high concern (SVHC) from the current ECHA candidate list <http://echa.europa.eu/candidate-list-table> with a mass fraction of more than 0.1% in accordance with Article 33 of the REACH regulation (EC No. 1907/2006) are included.

As a result, there is no obligation for our products to submit reports in the ECHA's SCIP database from January 5th, 2021.

The EU suppliers of products that are processed in our products on a relevant scale are also obliged to inform us without being asked if the products they supply contain an SVHC substance above 0.1% by mass. If we receive information on this from our suppliers and thus become aware that the 0.1 mass percentage threshold for an SVHC substance is also exceeded in our products, we will inform you immediately.

We also have all relevant EU suppliers reassure us in writing that no SVHC substances over 0.1% by mass are contained in the products supplied.

We make separate agreements with all non-EU suppliers of products that are processed in our products on a relevant scale. In this, we obtain written assurance that we will be informed immediately if the 0.1 mass percentage threshold for an SVHC substance is exceeded in a product delivered to us.

AMI Elektronik GmbH & Co. Produktions KG
